This activity is used to build awareness of the challenges people with disabilities face. It can be used with regular education students, parents, other teachers, or your special education students. I have done this activity at faculty meetings, parent nights, with large groups (150 kids), and individual students. It has great impact on their views of others. Please feel free to email me if you need more help setting up this activity.

This exercise comes from Julia Cameron's An Artist's Way, which teaches readers techniques to gain self-confidence by harnessing their creative talents and skills. For this exercise, compose three pages of longhand stream-of-consciousness writing every morning as soon as you wake up. Not only does this help declutter your mind, but it also helps you recognize the things that are in the forefront of your brain that you may need to address that day.
