Helicopter parents, tiger moms, cosseters, hothouse parents . . .Whatever we label it, overparenting-anxious, invasive, overly attentive, and competitive parenting-may have finally backfired. As we witness the first generation of overparented children becoming adults in their own right, many studies show that when baby boomer parents intervene inappropriately--with too much advice, excessive ...

Most helicopter parents feel they need to protect their children all the time. Although the parents may have good intentions, this study suggests that helicopter parenting is more dangerous than initially believed. Reasons for Helicopter Parenting. Helicopter parenting occurs due to various reasons, all of which have one underlying cause: fear. Anxiety. It is normal for parents to worry about their children. But a parent should not get so anxious about their children's future that they ...
